GO GREEN FROM
THE GROUND
UP WITH OUR
INNOVATIVE
GREEN WALLS.

GREEN WALLS

Make a powerful visual statement to your clients and transform bare office walls with a vertical living garden! Not only are they visually stunning, green walls can also help reduce the building temperature and work to purify the surrounding air. Each wall is custom made to suit your space, using different varieties of plants which can vary in colour, growth and flower, creating an oasis of tranquillity in your office. No plumbing or drainage is required to keep the green wall flourishing, our recirculating irrigation system optimises plant health and promises a hassle-free installation. Whether as a room divider or a feature wall, Frenchams has the expertise and resources to create and maintain green walls suitable for almost any purpose.

COMPLEMENT
YOUR DÉCOR
WITH FILING UNIT
PLANTERS.

FILING UNIT PLANTERS

An office isn't complete until the plants arrive, and Frenchams completes your fit out with plants and toppings to complement your décor. Positioning planters and plants atop dull areas, such as file cabinets, instantly improves the ambience of every corner of the office. Frenchams' finishing touches and ongoing maintenance means that all you have to do is sit back, relax and enjoy the greenery.
